

Launch of Global Sports Zone's New Article Directory

Press release - July, 2007 - Global Sports Zone

Global Sports Zone is proud to announce the release of our Free Sports Article Directory. As an added benefit to all sports enthusiasts that use our directory we have collected thousands of sports, fitness and health related articles. We have also added business and internet articles for affiliate marketers and entrepreneurs who have their own dreams of owning their own sports related web site, writing their own eBook or creating their own product.

Global Sports Zone will continue to receive and add quality articles from respected authors who are happy to share their expertise and knowledge in their given sport or field. All articles included in the directory are based on their quality and not necessary their length. Nor will you find articles that are only written to sell or promote a product. Accepted articles must provide some educational benefit or insight for the reader.

Many of the articles consist of sport specific training drills, tips and advice, new products, coaching tips, success stories, educational material for athletes and much more. This directory is designed to be a great resource for all athletes and coaches who are seeking new ideas, new drills, training programs and tips to improve their own careers.

Along with articles for most of the big sports there are also categories that cover weight loss, health and wellness, sports nutrition, sports business, entrepreneurs and affiliate marketers, sport training, self improvement and sports management to name a few.

Authors who would like to submit articles to the directory are invited to do so via our "Article Submission" link on our web site. To maintain the level of quality that we strive for with our directory we will review all articles submitted and make sure that each article adheres to our admissions policy prior to adding the article to our directory. Please read our "Article Submission Policy" prior to submitting your articles.

Global Sports Zone continues to grow and be the Ultimate Web site for All Sports Fans! The launch of our article directory is just the first of many interactive features that will be added to our site. We will soon be launching a library of sports videos as well as audio interviews from athletes, coaches, trainers, etc.

We hope that you enjoy these free articles and continue to support our directory.
